

# ESGMYC

ESCMID STUDY GROUP  
FOR MYCOBACTERIAL  
INFECTIONS

European Society of Clinical Microbiology and Infectious Diseases

## Selection of Sessions and presentations about mycobacterial infections at ECCMID 2016 Amsterdam

**Saturday April 9th, 2016**

**8:45 - 10:45 Educational Workshop**

EW007 - Emergent mycobacterial infections Hall H

**13:30 - 15:30 2-hour Symposium:**

SY023 - Mycobacteria in migrants Hall C

**Poster sessions 15.30 – 16.30**

P - Pathology, diversity and clinical outcome in TB (P151-P165)

P - New treatment options for mycobacterial infections (P139-P149)

**Sunday April 10th, 2016**

**14:30 - 15:30 1-hour Oral Session**

OS061 - Tuberculosis: diagnosis & outcomes Hall B

**Poster sessions**

12:30-13:30 P - Tuberculosis - diagnosis and drug resistance (P434-P466)

13.00-14.00 EPoster - News on the diverse mycobacterial infections (EP50-EP59)

13.30-14.30 P - Mycobacterium tuberculosis - susceptibility testing methods (P810-P816)

**Monday April 11th, 2016**

**11:30 - 12:30 1-hour Symposium**

SY100 - Tuberculosis in the 21st century Hall I

**13:15 – 14:15 ESGMYC Study group Business meeting, room 101**

**14:30 - 15:30 Keynote Lecture**

New drugs for tuberculosis: from genome to patient Hall J

**14:30 - 15:30 SY113 - Young Investigator Award Lectures Hall K**

15.10: How can whole-genome sequencing help eradicate tuberculosis?

**16:00 - 18:00 2-hour Oral Session**

OS121 - Frontiers in tuberculosis Hall J

**Poster sessions 12:30 - 13:30**

P - Non-tuberculous mycobacteria (1428-1447)

P - Discovery of more new antibacterial drugs (P1271-P1289)

**Tuesday April 12th, 2016**

**11:30 - 12:30 1-hour Oral Session Hall C**

OS136 - Tackling MDR & XDR tuberculosis

**Poster 12.30-13.30**

P - Non-tuberculous mycobacteria (P1428-1447)

## 2015 activities of ESGMYC

**@ECCMID 2015 Copenhagen (slides on the website)**

- Educational Workshop: The impact of diagnostics on clinical tuberculosis management
- 1-hour Symposium: Current topics in tuberculosis
- Meet-the-Expert Session: How and when to treat patients with infections due to Mycobacterium abscessus and other NTMs

**Publications**

EUCAST-ESGMYC website recommendations on breakpoints determination for new anti-tuberculous agents and to assess methods for MIC determination

Revisiting susceptibility testing in multidrug resistant tuberculosis by a standardized quantitative phenotypic assessment in a European multicenter study. Cambau E, Viveiros M, Machado D, Raskine L, Ritter C, Tortoli E, Matthys V, Hoffner S, Richter E, Perez Del Molino ML, Cirillo DM, van Soolingen D, Böttger E. J Antimicrob Chemother doi:10.1093/jac/dku43

**Scientific meetings and workshops**

- European Respiratory Society Executive committee September 2015
- ESCMID-Chinese Medical Association MA, Post graduate course, Beijing, 20-21 November 2015 : nontuberculous mycobacterial infections (slides on the website)

## HOW TO BECOME A MEMBER

- **Go to the ESGMYC website**  
<https://www.escmid.org/esgmyc/>
- **Click on « Become an ESGMYC member apply now »**
- **Upload your short CV and short letter with reasons for joining**
- **The SG administrator will send you an email informing about the successful application submission**

## 2016 activities of ESGMYC

- **NEW EUCAST subcommittee on antimycobacterial susceptibility testing**
- **Post-Graduate Educational COURSE on “Difficult-to-treat mycobacterial infections”**

Brac, Croatia,  
September 28 to 30 , 2016  
Croatian society on clinical  
microbiology

- **GUIDELINES** on respiratory infections due to nontuberculous mycobacteria on going
- **ELECTIONS**
