

Open panel discussion: common initiatives, projects and protocols

Adrian Egli, Switzerland
Gilbert Greub, Switzerland
Guido Werner, Germany
Jacob Moran-Gilad, Israel
Elisabeth Nagy, Hungary

15.03.2017

Common initiatives?

- Improving the overall quality of MS data?
 - Ring trial?
 - Quality guidelines?
 - Feedback regarding spectra quality?
- Common review on MALDI-TOF applications/protocols?
- Next capacity forming workshop?
 - Focus for laboratory technicians?

Projects?

- Inter-institutional studies?
 - Identification?
 - Antibiotic resistance?
 - Typing?
 - Protocol sharing?
- Quality control for higher mass-spectrometry quality?
- Typing database?
- Data mining with new patterns?
- **Your ideas?!**

Protocols?

- What are the needs?
 - Antibiotic resistance?
 - Typing?
 - Bioinformatics?
- Community website?
 - Tips and tricks?
 - Detailed protocols?
