5. Additional comments

My role in the WHO mpox team was initially as staff from 2022 -2023 and then as a consultant to the core mpox technical team. I developed numerous guidelines (surveillance, diagnostics, clinical management and infection prevention and control), supported proceedings of the IHR EC during the 2022 PHEIC, and provided clinical support to resource limited countries and represented WHO on a high level mission to Nigeria and CAR to understand mpox
