ESCMID Webinar on COVID-19

ESCMID is very pleased to announce the first open-access webinar on COVID-19. Join us this Friday, 10th April at 16:00 CEST for the live webinar: COVID-19: An unexpected pandemic challenge to unprepared health care systems.

Join the discussion with an expert panel from Clinical Microbiology and Infectious Disease specialities as they address COVID-19, from Basic Virology to Diagnostics, Infection Prevention and Control and Case Management in various clinical settings.

The webinar is endorsed by the Infection Control Multidisciplinary Joint Committee of UEMS.

See the following page for the programme of the webinar and a link for open access.

We look forward to having you join us for the discussion.
COVID-19: An unexpected pandemic challenge to unprepared health care systems

Friday 10th April 2020, 16:00 Central European Summer Time
