5th ESCMID Conference on Vaccines
Final Programme

Vaccines against respiratory infections: new insights and new vaccines

Friday 06.09.2019

08:30-09:30 Registration and Welcome Coffee
Hotel Gran Bilbao

09:30-09:45 Opening of the Conference
Susanna Esposito
Ron Dagan

09:45-10:00 ESCMID Lecture
Maria Poljak

10:00-12:10 Global impact of vaccine-preventable respiratory infections
Chairs:
10:00-10:25 Vaccination to reduce global pneumonia mortality in infants
Keith Klugman
10:25-10:50 Have we made any progress in reduction of RTIs in the elderly?
Marc Bauten
10:50-11:15 Surveillance of RTIs in Europe – progress, opportunities and challenges
Mike Cotchpole
11:15-11:40 Are we satisfied with the current respiratory vaccine panels? The UK as the constant driver for reforms in vaccination program
Liz Miller
11:40-12:10 Discussion
12:10-13:20 Lunch
13:20-15:05 Measles Elimination
Chairs:
13:20-13:45 Measles in Europe
Progress and challenges
Patrick O’Connor
13:45-14:10 Available evidence on transmission patterns of measles and age of vaccination
Split talk:
Takis Penninga & Helen Johnson
14:10-14:35 Why measles has such a huge impact on health?
Michael Mina
14:35-15:05 Discussion
15:05-15:35 Poster Viewing & Coffee Break
15:35-16:15 Vaccine hesitancy among health care providers: the paradox of hostility
Chair:
Kari Johansen
Discussants:
Dorotie Simos
16:15-16:45 Discussion
16:45-18:30 Enforcing implementation of vaccines against respiratory infections
Moderator:
Pierre Van Damme
Discussants:
Pierluigi Lapcica
Daniel Levy Bruhl
Terry Nolan
Rabb Butler
Hanna Rohneby
19:00-21:00 Networking Event

Saturday 07.09.2019

09:00-11:10 Progress in influenza virus infections
Chair:
Mike Catchpole & Terry Nolan
09:00-09:25 Universal influenza vaccine: how close are we?
Emily Erbelding
13:45-14:10 Available evidence on transmission patterns of measles and age of vaccination
Split talk:
Takis Penninga & Helen Johnson
14:10-14:35 Why measles has such a huge impact on health?
Michael Mina
14:35-15:05 Discussion
09:25-09:50 How significant is the problem of response blunting due to repeated influenza vaccination?
Arnold S. Monto
09:50-10:15 Prospects for routine childhood influenza vaccination in Europe
Kari Johansen
10:15-10:40 Newer/extended influenza vaccines
Jill Foster-Annand
10:40-11:10 Discussion
11:10-11:40 Poster Viewing & Coffee Break
11:40-13:25 Progress in RSV vaccines
Chairs:
11:40-12:05 How new technologies can change RSV vaccine development
Barney Graham
12:05-12:30 Improved or long-acting monoclonal preparations against RSV – can they be applied universally?
Renate Steen
12:30-12:55 Experimental RSV vaccine in Field studies in children and adults
Fernando Pollock
12:55-13:25 Discussion
13:25-14:25 Lunch
14:25-16:10 Vaccination during pregnancy
Chairs:
14:25-14:50 Vaccinating pregnant women to protect against RTI in their offspring – immunological aspect
Claire Anne Siegrist
14:50-15:15 Vaccinating pregnant women to protect their off spring against RTI – global increase in equity
Shahid Modhi
15:15-15:40 Pertussis vaccination for pregnant women – successes and challenges
Gayatri Amirthalingam
15:40-16:10 Discussion
16:10-16:30 Poster Viewing & Coffee Break
16:30-17:15 Prevention of Pertussis – did we reach our limits?
Chair:
Claire-Ann Siegrist
17:15-17:35 Discussion

Sunday 08.09.2019

09:00-09:40 Appropriate endpoints in RTI vaccine trials: Impact vs. Efficacy
Chair:
Liz Miller

09:40-10:00 Discussion
10:00-10:30 Poster Viewing & Coffee Break
10:30-11:40 VZV vaccines
Chairs:
Paolo Bianchi & Stanley Plotkin
10:30-10.55 Does generalized immunization in infants have an impact on zoster incidence in adults?
Rafael Horpaz
10:55-11:20 Time to make the point of VZV generalized vaccination
Paolo Bianchi
11:20-11:40 Discussion
11:45-13:30 Pneumococcal vaccines
Chairs:
11:45-12:10 Human studies – Pneumococcal vaccination, immune response and nasopharyngeal carriage
Daniele Ferreira
12:10-12:35 Closing the gaps in pneumococcal and Hib vaccination for the developing world
Rana Hajeh
12:35-13:00 The Global Pneumococcal Sequencing project
Stephen Bentley
13:00-13:30 Discussion
13:30-13:40 Closing Remarks
13:40-14:40 Lunch and Farewell
