### Short summary of project outcome (max. 100 words)

**Published articles originating from your Research Grant project**

Diversity of accessory genome of human and livestock–associated ST398 methicillin resistant Staphylococcus aureus strains.

**Articles in preparation from your Research Grant project**

**Communications originating from your Research Grant project (e.g. oral, poster, extended abstract)**

19th ECCMID, Helsinki, 16 – 19 May 2009

Comparison of virulence factors harboured by methicillin resistant S. aureus of animal and human origin by microarray

M. Hallin, R. De Mendonça, O. Denis, A. Lefort, F. El Garch, P. Butaye, M.J. Struelens
