ESGREV @ ECCMID 2019

**The ESGREV
Business Meeting**
13 April 2019,
10⁰⁰ - 12⁰⁰,
Room G108

Symposium
**Perspectives on
vaccination against
respiratory viral
infections**
R. Nachbagauer,
O. Launay, B. Rath &
M.H. Friede

Symposium
**Rapid diagnostic tests
in respiratory infections**
K. Templeton & S. Patel

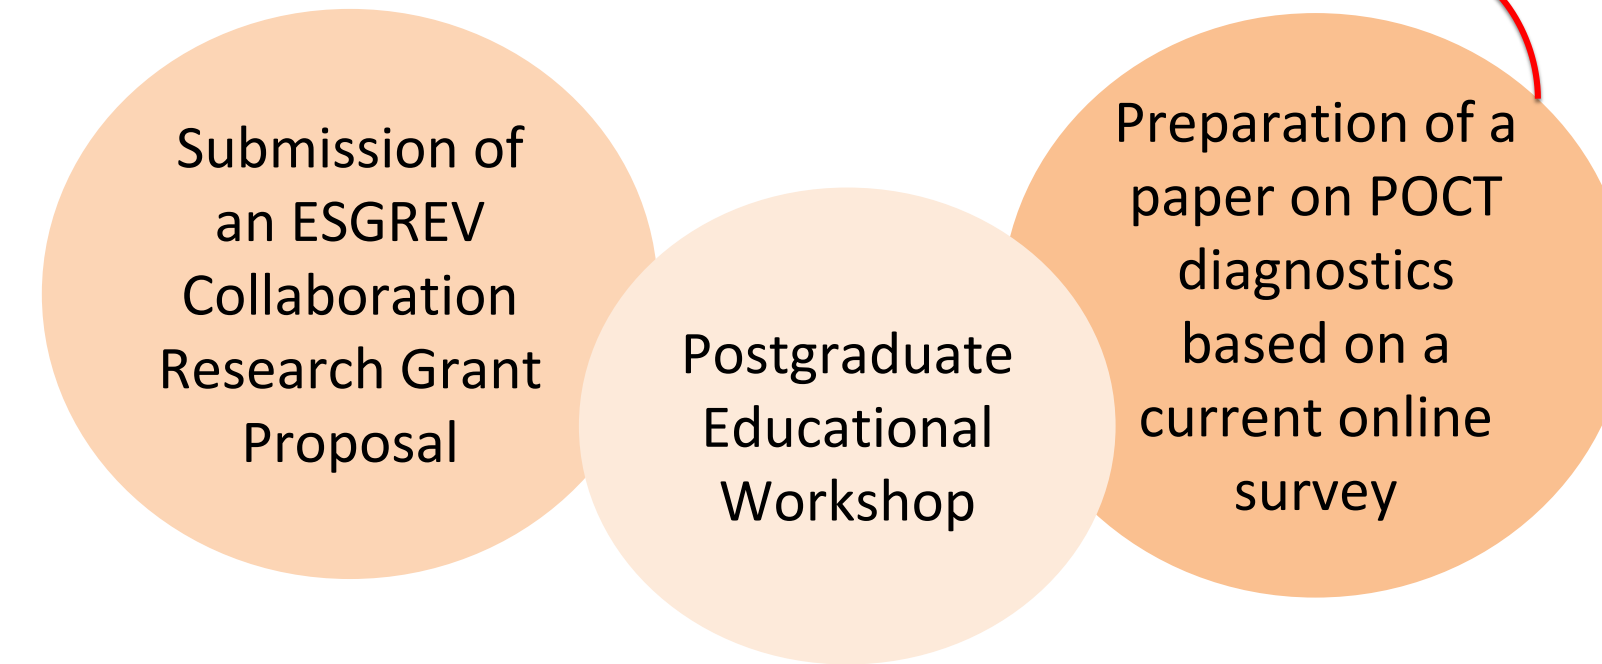

Open Forum
**Challenge of
human volunteers
with pathogens.**
C. Skevaki,
M. Roestenberg,
A. Dale & C. Chiu

Session
Respiratory antivirals
F.G. Hayden, P. Penttinen
P. Viswanathan &
J. Demotes

Mission and Objectives

- Bring together Europe’s leading experts on respiratory viruses and link existing initiatives and align efforts
- Seek scientific consensus on recent scientific data and remaining data gaps
- Drive development of cross-organizational clinical guideline recommendations on diagnostic testing strategies and antiviral treatment and vaccines
- Help reduce the burden of respiratory viruses in society and the public health threat by raising public awareness through educational activities to provide guidance on when to seek medical help

Near Future Initiatives

Board & Membership

Executive Committee: Dr. Chrysanthi Skevaki (**Chair**), Prof. Sotirios Tsiodras (**Secretary**) and Dr. Stefan Paul Kuster (**Treasurer**)

Board members: Prof. Barbara Rath (**Science Officer**) and Dr. Kate Templeton (**Education Officer**)

Did you know? ESGREV has 29 members and is a new ESCMID Study Group.

We warmly welcome new members to continue developing our range of activities.
